

# Local Jobs

D2N2 are the Local Enterprise Partnership for Nottinghamshire and Derbyshire. Their purpose is to support and encourage economic growth in the D2N2 region.

They work to ensure there are appropriately qualified employees to enable the local economy to sustain growth by supporting schools, colleges and training providers around employability skills and work readiness of young people leaving our schools, colleges and universities. At Ashfield School, we have incorporated these 10 employability skills into our careers strategy, these can be found on the *Skills* tab above.

D2N2 has identified 8 growth sectors of business and industry for this local area. They anticipate these sectors will create 33% of our jobs created, requiring high skill levels. It is important that parents and students are aware of this local labour market information to support their choices and planning for their future.

They are:

- Construction
- Transport equipment manufacturing
- Food and drink manufacturing
- Transport & logistics
- Low carbon
- Visitor economy
- Life sciences
- Creative and digital industries

Please click [HERE](#) for further information on these growth sectors.
